

SC DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL PUBLIC NOTICE

Topic: Proposed Charleston County/Bees Ferry Construction, Demolition (C&D) and Land-Clearing Debris Landfill Permit Modification

Location: 1344 Bees Ferry Road, Charleston, SC 29414
Near the Savannah Highway (US 17)

The South Carolina Department of Health and Environmental Control's (SCDHEC) Solid Waste Permitting Section has received a permit application from Charleston County, for a permit modification for a vertical and lateral expansion of the existing Construction, Demolition and Land-Clearing Debris (C&D) area located within the Bees Ferry Landfill. The proposed landfill modification will increase the footprint by 5.5 acres and increase the height to 168 feet MSL. The proposed expansion is contained entirely within the existing permitted boundaries and buffer zones of the facility.

SCDHEC requires that a permit be issued for C&D landfills pursuant to SC Code Ann. Sections 44-96-10 et. Seq. (Supp. 2006) and 25A SC Code Reg. 61-107.11, *Construction, Demolition and Land-Clearing Debris Landfills* (Supp. 2006). The types of wastes that can be accepted at the Bees Ferry C&D Landfill are described in Appendix I of the above-mentioned regulation. Acceptable wastes include, but are not limited to, land-clearing debris, bricks, blocks, shingles, untreated lumber, and other wastes listed in Appendix I that have not been in contact with lead-based paint, hazardous constituents, or petroleum products. Wastes that are not acceptable at C&D landfills include household garbage, hazardous waste, and infectious waste. For a more detailed description of Appendix-I-acceptable wastes, please contact one of the persons below to view the application or to request a C&D landfill fact sheet. A copy of the regulation may also be viewed at the following website: <http://www.scdhec.gov/lwm/html/regs.html>.

At this time, the Solid Waste Permitting Section has completed its review of the permit application and found that the application meets all technical requirements. Solid Waste Permitting has completed a draft permit and hereby gives notice to the public. During the public comment period the Department will be taking comments from the public concerning the draft permit and/or the permit application. The comment period will remain open until January 7, 2008.
